## TESTS SHOW SILAGE KILLS WEED SEEDS

## ARDENOE

North West Grain Dealers' Association makes public results of experiments.

Knilling of weed seeds under proper conditions destroys their ability to germinate, according to experiments conducted at Manitoba Agricultural College. These tests were made over a period of years by Dr. P. McIntosh, Professor of Agronomy, University of Manitoba and W. T. Hays, B. Sc. assistant on weed research, under the direction of and financed by the live alfalfa operators through the North West Dealers' Association.

A pamphlet outlining the findings of the survey has been published and is available free of charge at all live alfalfa operators or may be obtained by writing to the North West Grain Dealers' Association, Winnipeg. The pamphlet has been prepared in a manner which is readily understood by the layman and can be read in the course of a few minutes.

These tests also show that silage kills weed seeds has not been determined as yet. Present indications are that various acids developed through cutting play a prominent part in rendering the weed seeds in silage safe for feeding by destroying their germination.

## BIG BEND HIGHWAY

At the meeting held in Calgary Monday to discuss the completion of this part of the Trans-Canada highway, a permanent committee was formed to interview the Provincial and Federal Governments to urge the completion of this piece of road.

Approximately \$5,000,000 have now been spent, but which no returns can be made, until the balance is completed at an estimated cost of \$75,000. The entire cost would be returned to Canada if increased Tourist Traffic over the beautiful scenic road, as American Tourists are eagerly awaiting the completion of the All Canada route through Nature's Wonderland, The Canadian Rockies.

## SHOWER FOR BRIDE-ELECT

A number of the nearby friends of Miss Lillian Slater assembled at her home Thursday evening last. Miss Slater is a bride elect of this month and her friends took advantage of the occasion to shower her with gifts of good wishes and merriment generally. After the gifts were opened and passed for all to see, delicious refreshments were served, following which the friends indulged in music for dancing and all enjoyed trip the light fantastic to the early hours.

## BUSINESS IS GOOD

Hughes Motors have sold already this season 11 new cars and 1 car load of tractors, and have orders for several more cars.

## ATTENTION RURAL

The Standard can supply you with Share Holder's Ledger, Share Records and Cash Receipts, etc., at reasonable rates. You will need these. Come in and see our samples.

## REPORT OF MASS BUYING COMMISSION

The Mass Buying Commission brought in a report which will be tabled in the House of Commons, probably Friday of this week. The commission urged a more strict control over all business and all industry, more intense interest by the government in company financing, etc., and urged the setting up of government appointed boards to control and review operations along a wide front.

## GARDEN NOTES

To produce colony of high quality rich soils of the mineral type, which include sandy and silty loam, for early crops and much soils for late crops have been found to give the best results. While early requires moisture, it must have an even supply of water during the season of growth. Therefore, the mineral soils will be found best for the early crop, but if provided with irrigation, late crops will do very well. The mineral soils are naturally moist, and may need drainage to maintain the water level 30 inches below ground level. In the flower beds, the mineral soils are growing into great popularity and give a rich return in color and form for the care given. Try some Zinnias this year.

## GRASSHOPPER OUTBREAK

The farmers of Alberta are confronted with another grasshopper outbreak this coming season. While the numbers will be greatly reduced from what they were in 1924, control measures are going to be necessary in several sections of the province.

Three species of grasshoppers are involved in this year's outbreak. The lesser migratory or stubble grasshopper (Melanoplus bimaculatus) is not as generally abundant as last season, but is present in all localities. The two striped grasshoppers (Chorthippus) are abundant in numbers and are present in only a few districts. The road-side grasshopper (Melanoplus pallidus) is abundant in all the very severely infested areas, and shows some increase and spread over last season. This last species largely confines its attacks to the roadside, headlands and over grazed pastures.

The seriousness of the outbreak in any given place will depend largely on the weather during the spring. If the season should be as dry and warm as in 1924, the grasshoppers will cause considerable trouble and even over one half inch long.

Mr. P. S. Parsons also Mr. G. Dawson attended the Social Credit convention held in Calgary last week.

Mr. and Mrs. E. Plesner left Saturday morning for their new home in Vermilion. Friends and neighbors were always willing to help with his violin, but the best of friends must part and we can only wish them the very best and every success in their new surroundings.

Mr. R. W. Watson has taken up his residence on the Norway Farm, recently vacated by Mr. E. Plesner.

We are very pleased to report Mrs. J. L. Plesner is improving slowly, after her recent illness.

A very happy evening was spent at the home of Mrs. Verna Sarnes, Friday evening last. The occasion being Verna's birthday, many friends assembled to wish her many happy returns.

Mr. Conrad Frank, who was taken suddenly ill a few weeks ago and was removed to the hospital in Calgary, is now well on the way to recovery, and hopes soon to be able to return to his home. Mr. Frank is at present staying with his sister, Mrs. M. W. Frank.

Mrs. D. M. Brook was a visitor to the city Thursday last.

## POPE PRAYS

Vatican City.—That war would be "no enormous crime, so foolish a manifestation of fury" as to be absolutely impossible, was the declaration of Pope Pius XI. in the consistency of calm in Rome today.

We cannot in fact persuade ourselves that those who should have, as American Tourists are eagerly awaiting the completion of the All Canada route through Nature's Wonderland, The Canadian Rockies.

It added his business there was "no enormous crime, so foolish a manifestation of fury" as to be absolutely impossible, was the declaration of Pope Pius XI. in the consistency of calm in Rome today.

## VIMY BANQUET POSTPONED

The Vimy Banquet postponed from Tuesday night on account of blocked roads, will now be held at the end of the present month. Exact date to be announced later.

## COMING EVENTS

The following dates have been booked by Mr. Winter for the display of the Set of Stereoscopic Pictures (The Colubian), illustrating the Trial and Crucifixion of Our Lord, Tuesday 16th April, 8 pm at Tudor; Wednesday 17th at 4:30 in Strathmore; Monday Thursday 4:30 in Chancellors; Good Friday at Giles Theatre in Carleton at 8:30 pm.

At present the building of new homes is not proceeding at a rate that will offset the inevitable decay of old homes. An investigation into the whole problem is being made by a committee at present. New York City was faced with this problem in 1922 and granted tax exemption for new moderate priced dwellings for ten years if construction was started within one year of April 1922. The plan proved to be very successful and there was a great increase in building activity. The city benefited by the increased demands for labor, building material and other goods. Vacant lots became valuable and taxes were paid on them. Canada according to statistics needs annually about 50,000 new houses and evidence is being taken by the committee to find means of financing this programme.

Sir George Prentice at the age of 73 is quietly leading the House. Each day he talks with Mr. Bennett and gets general applause when he announces that the Prime Minister's health is much improved. No progress is being made with the important legislation as most of it is being held up until after Easter.

In an Editorial entitled, "This Parliament is Through, the Ottawa Citizen calls for a general election to clear the air. There have been six sessions ready, and there are growing problems facing the Canadian people at home and abroad that could be more permanently dealt with by a government with a verdict fresh from the people. Little interest is being taken in the work of the House, the debates are

## SOCIAL CREDIT

VERY SUCCESSFUL SOCIAL CREDIT CONVENTION IN CALGARY, THURS. & FRIDAY

The Calgary Prophetic Bible Institute was crowded to capacity on both days when delegates from Southern Alberta held their first convention under the banner of Social Credit as championed by Mr. Albert.

Acting Mayor H. W. Riley extended the welcome of the city to the delegates, which was responded to by Mr. Manning.

Various speakers at the convention were Mrs. Rogers, Mr. Gottick, and Messrs J. Lewis, Dr. Cross, Hans Anley, Hoyle Coleman, Manning, Wilnot and Albert.

Mr. Green, manager of the North West Milling Co. of Edmonton gave very interesting talk on price aspects as regards the milling industry. A number of resolutions were passed which will be later incorporated in a general Social Credit platform.

The convention was concluded at 9:30 pm. Friday evening. The delegates thoroughly imbued with the justice of their cause.

A nonpartisan convention will be held in Strathmore in the early future, at which four members will be nominated from which the candidate for this riding will be chosen.

## TOWN COUNCIL HOLD MEETING

A regular meeting of the Town Council was held on Tuesday night, April 9th, with a full attendance of Councilors, except Councillor Hughes.

Word was received that the Annual Convention of the Union of Alberta Municipalities would be held in the Palliser Hotel, Calgary on the 27th and 28th June next. A number of suggested resolutions were discussed and will be prepared and submitted to the convention.

Progress was reported on the matter of one of the suggestions submitted to the Council by Mr. J. A. French, that of an auto camp, and estimates were submitted for the erection of three cabins.

Tenders for the supply of a team were received from Percy Wright and Jack Cleve. A tender from the latter was accepted.

Estimates from the School Board were submitted. The Board's estimate of \$5500 for the current year was considered very reasonable.

A letter was read from the President of the Strathmore District Musical Festival suggesting that the Town defray the expense of rentals of halls and churches to be used in connection with the Festival. After discussion

quiet and the attendance is poor. The private members on all sides of the House feel that they are not accomplishing what they hoped for in this session, and people generally are not taking much interest in the measures that have been brought down, e.g. Unemployment Insurance, Eight Hour Day, Weekly Day of Rest and the Economic Council on Irish Trust.

A rather unusual debate took place on Thursday on the Penitentiaries. The repetitive nature of which, capital punishment is being carried out is opposed by many. If life must be taken the Electric Chair would be less objectionable. An investigation is being asked into the whole problem to deal more particularly with the mental condition of convicts, the problem of isolating young persons as advocated by the Juvenile system, and the unequal sentences given by different magistrates for similar offences.

Sincerely, F. W. Gieshaw.

## SOIL DRIFTING

HON F. S. GRISDALE'S MEASURE TO PREVENT SOIL DRIFTING

Convulsed by late steps to prevent soil drifting and providing for drastic penalties, a bill entitled the Control of Soil Drifting Act has been introduced in the House of Commons. It is sponsored by Hon F. S. Grisdale, member of agriculture.

The bill requires both the owner and occupier of land which is being summerfallowed to till in such a manner as to prevent soil from drifting so as to cause damage to adjacent land and property.

Such responsibilities will be deemed to have been discharged if each quarter section of land which is being summerfallowed is cultivated according to any of the following methods:

(a) By summerfallowing and cropping the land in alternate strips not exceeding 20 rods in width approximately at right angles to the prevailing direction of wind liable to cause soil drifting.

(b) In the case of summerfallowing, the maintaining of two strips of stubble or cropped land and two strips of summerfallow in each strip at least ten rods in width and parallel to the boundaries of the said property.

Covering Crop

(c) By plowing under the land a covering crop of grain sown not later than August 10th using for that purpose not less than 20 pounds of seed per acre on all the land which is under summerfallow.

(d) By maintaining a strip of natural or planted tree growth at least three rods in width within 20 rods and parallel with each boundary of the property.

The amount of penalty of violating the act will be liable for damages up to \$500 for each quarter section on which the drifting occurs, or if the parcel is less than a quarter section, by a proportionately less sum.

The act is to come into force on March 1, 1936.

## BAND ORGANIZED

The Standard announces with pleasure the formation of a Strathmore Band and we predict for it a successful future, and many hours of pleasure both to the personnel and to our citizens generally. The members meet each Monday night at 8 pm, for practice with Mr. Hirtle's house.

The members comprise—2 cornets Doug Hirtle and W. Saunders; 2 saxophones Bobby Brown and Gordon Garrett; 2 altos, Donny Brown and Fred Freeman; 2 trombones Mr. Perry and F. Benz; four horns, Harold Freeman; bass John Freeman; bass Mr. Hirtle; clarinet J. Garrison; snare drums Walter Mercer; bass drums Allan McGregor.

Any assistance from parents or friends in the purchase of further instruments will be greatly appreciated.

## CANADIAN PACIFIC ANNOUNCE BARGAIN FARES TO COAST

Bargain fares to the Pacific Coast which were offered last year, last Spring proved so popular the Canadian Pacific will repeat them this spring. It was announced by Mr. Perry Tickets will be on sale April 15th, to 20th inclusive, with 21 days return limit and will permit stop-over at Banff, Nelson and stations West. A feature of these fares will be the privilege of tourist or standard sleepers at slightly higher rate and usual berth charges. The space and tonnage fare good in coaches will also be available.

Springtime is a particularly delightful season in the West and indications are many will avail themselves of the low fares and make the trip at this season.

Grandma Anderson has been suffering from the past week with a badly sprained arm. The pain has been pretty severe and we hope for a speedy recovery.

## FREEDOM OF SPEECH?

It would seem as a result of opposing the method of selecting Social Credit candidates for the election and expressing these views, the resignation of A. D. Shrimpton as president of the Local Society was requested, by some outside parties. Mr. Shrimpton took the stand that only those who elected him had the right to resign his resignation. If this were desired he would act on the side benches and still work for Social Credit as he is a free press publisher.

The question put to the meeting gave a unanimous verdict that Mr. Shrimpton remain as President.

The meeting also considered a resolution with the resolution passed at the recent convention re the selection of candidates.

A ladies committee was formed, and plans will be made to devise means for raising funds.

## FIREMEN'S MEETING

There was a good turnout of members of the Fire Brigade Wednesday night. Several matters came up for discussion among which was a request to the Town Council to take out Accident Insurance for the men in case the rates are not too high.

Vacancies were filled as follows: E. C. to succeed P. Sammon in C. Co.; Fred Benz was made Capt. of B. Co.; succeeding Fred Anderson and J. Woodville succeeds F. Benz.

The men will meet for practice Monday next at 7:30 and on the third Monday of each month in future.

## THE HOME LIFE OF WOMEN IN INDIA

Following the business meeting of the Sorority Society, Miss West gave a most interesting address on the above subject. The speaker opened her remarks by stating that 1 per cent of India was Christian, the other 99 per cent and it was of the home life of the lowest caste of the 99 per cent.

It is not such a picture as to induce Canadian women to exchange places. Miss West held the closest of the large number of present and all will look forward to future opportunities to hear her.

Her picture also had been enjoyed at the home of Mr. Nichol by the Honor Guest and Executive.

## BUSINESS IS GOOD

Hughes Motors have sold already this season 11 new cars and 1 car load of tractors, and have orders for several more cars.

## ATTENTION RURAL

The Standard can supply you with Share Holder's Ledger, Share Records and Cash Receipts, etc., at reasonable rates. You will need these. Come in and see our samples.

## REPORT OF MASS BUYING COMMISSION

The Mass Buying Commission brought in a report which will be tabled in the House of Commons, probably Friday of this week. The commission urged a more strict control over all business and all industry, more intense interest by the government in company financing, etc., and urged the setting up of government appointed boards to control and review operations along a wide front.

## GARDEN NOTES

To produce colony of high quality rich soils of the mineral type, which include sandy and silty loam, for early crops and much soils for late crops have been found to give the best results. While early requires moisture, it must have an even supply of water during the season of growth. Therefore, the mineral soils will be found best for the early crop, but if provided with irrigation, late crops will do very well. The mineral soils are naturally moist, and may need drainage to maintain the water level 30 inches below ground level. In the flower beds, the mineral soils are growing into great popularity and give a rich return in color and form for the care given. Try some Zinnias this year.

## GRASSHOPPER OUTBREAK

The farmers of Alberta are confronted with another grasshopper outbreak this coming season. While the numbers will be greatly reduced from what they were in 1924, control measures are going to be necessary in several sections of the province.

Three species of grasshoppers are involved in this year's outbreak. The lesser migratory or stubble grasshopper (Melanoplus bimaculatus) is not as generally abundant as last season, but is present in all localities. The two striped grasshoppers (Chorthippus) are abundant in numbers and are present in only a few districts. The road-side grasshopper (Melanoplus pallidus) is abundant in all the very severely infested areas, and shows some increase and spread over last season. This last species largely confines its attacks to the roadside, headlands and over grazed pastures.

The seriousness of the outbreak in any given place will depend largely on the weather during the spring. If the season should be as dry and warm as in 1924, the grasshoppers will cause considerable trouble and even over one half inch long.

## BAINTREE

Miss Mae Longbottom was a week end visitor at Mrs. A. B. Jacobs of Nightingale.

Mr. and Mrs. Porteous and as week end guests their daughter Ray and son Alfrid, Mr. Cummings and Mr. and Mrs. Whittier of Calgary.

Seeding as been delayed due to the late spring and farmers around here believe it will be after the fifteenth of the month before work on the land can be commenced.

Baintree school is making plans for a ball team. An order of ball equipment is on the way and the pupils expect to put a good soft ball team on the field this year.

Plans are being made by the local tractor to have an interdistrict speed day on May 26th. However definite plans have not been made and there will be a definite announcement a little later.

Mr. Dave Clark was a week end visitor at Carbon.

## ROCKYFORD

A number of friends of Mrs. Ed McLean surprised her on Sunday evening, the occasion being her birthday. Five tables of bridge was played during the evening, the honors going to Mrs. E. L. Blum and Mrs. W. J. Ridd. A tasty lunch was served at midday and the guest of honor was presented with a beautifully decorated birthday cake.

Mr. and Mrs. George Muchelichner had as their house guest for several days Mrs. R. Simpson and baby daughter of Calgary.

On Tuesday evening the Girl Guide Committee held their regular meeting. The treasurer reported that a sum of \$29 was realized from the series of bridge parties put on by the members. The next meeting will be with Mrs. D. R. Fode, Mrs. Leslie and Mrs. Harwood serving.

Mr. and Mrs. Wm. Ridd were Calgary visitors last week.

Dr. Gust and Mrs. McArthur from Calgary gave an examination on Friday evening to the First Aid class, who have been taking lectures this past few weeks from Dr. F. Yarnmark.

Mr. and Mrs. George Muchelichner spent a few days in the city.

Miss A. Patterson entertained at two tables of bridge on Friday evening. The winners at bridge being Mrs. McLean and Miss E. Birt the consolation.

Mr. and Mrs. W. Carpenter were in Calgary a few days last week attending the Social Credit convention.

Mrs. Chas. Short of Vulcan was a visitor on Saturday.

## CROWFOOT

Mr. and Mrs. G. Garriot motored to Olds last week to witness the production of their daughter Ruby, who has completed the Domestic Science Course at the Olds Agricultural College.

Mr. and Mrs. John Millman accompanied by Mrs. Nilsson returned to Calgary last week.

Complimenting Miss Ruby Garriot and Miss Mary Scheer, Mrs. D. R. Garriot entertained on Tuesday last at a charmingly arranged tea. Laughter and pleasant conversation prevailed throughout the afternoon and the dainty and delicious luncheon served by the hostess was thoroughly enjoyed by the guests.

Mr. and Mrs. Harold Scheer and Miss Ruth Scheer were Calgary visitors on Saturday.

Mr. B. Hoyer is enjoying a few days vacation at Hamilton Grange, the guest of Mr. and Mrs. Chas. and Fred Harvey.

The Bible Society met at the home of Mr. and Mrs. Harold Scheer on Thursday evening last. The discussion which was keen and animated was greatly enjoyed. It was decided that the meetings discontinue during the busy season. Pail justice was done to the delicious refreshments served by the hostess.

Mr. Sven Swenson motored to Calgary last week.

PATRONIZE OUR ADVERTISERS  
IT WILL PAY YOU

## NAMAKA

Mr. and Mrs. Hiebert and family of Namaka Farm left on Thursday of last week for Gem where they will make their home.

Mr. and Mrs. Otto Wheeler entertained the softball boys at a jolly party at their home on Friday last. All report a very enjoyable time.

Mrs. Bremner was a guest at the home of Mrs. Toth of Calgary during the week.

A Social Credit meeting will be held in the I. O. O. F. Hall on Saturday, April 13th commencing at 8:30. Mr. Winant will address the meeting. Everybody welcome.

The wild drive held at the home of Mr. and Mrs. J. McLean on Wednesday and sponsored by the U. F. A. was well attended. Mrs. Mary Louise McLean and Mr. E. C. Wade were the winners of the highest scores.

Reserve Friday April 26th for the big dance in Namaka hall under the management of the softball boys. A good time is assured. Prizes will be given for the winners of the lucky ticket.

Mrs. Bullock arrived Tuesday and will visit with her daughter Mrs. J. Lattie.

## CHEADLE

The Cheadle Sports Club dance was a decided success. Over three hundred danced to the music of the All Star orchestra. The lucky tickets were as follows, 1st prize \$25, ticket 161; D. Dunsmore, Langdon; 2nd \$10 ticket 729 Miss Clara Wright, Carleton; 5 prizes of one dollar each, 616 Melvin Woolley Cheadle; 629 C. D. McLean, Calgary; 657 A. Stewart, Calgary; 140 W. Keeling, Strathmore; 237 Bill Allen, Lysite.

April first was the scene of a farewell banquet held in the Cheadle hall for Mr. and Mrs. R. Miller who are leaving Cheadle for High River. Mr. R. Wade made a very able chairman. Speeches were made by Mr. Sugden, Mr. W. J. Miller and Mr. Payne. Mr. and Mrs. Miller were presented with a lovely floor lamp from the Cheadle community and a silver casserole from the Ladies Club. The departure of Mr. and Mrs. Miller and family is deeply regretted by their numerous friends.

Mr. O. G. Craig is again confined to the hospital. He had a minor operation on Saturday and is recovering rapidly. We wish him a speedy recovery.

## TIMOTHY SEED PRODUCTION IN CANADA

In the past five years Canada's po-  
sition in regard to timothy seed sup-  
ply has been changed from that of a  
heavy importer to that of a large pro-  
ducer, with production in 1934 amount-  
ing to almost enough for Canadian  
needs. This is particularly fortunate  
at the present time when there are  
only small supplies available for im-  
portation from other countries, owing  
to their greatly reduced production  
as a result of drought.

Timothy seed production in Canada  
has increased from a few hundred  
thousand pounds in 1929 to more than  
five million pounds in 1934. The im-  
portance of last year's Canadian crop  
is not alone because of volume, for  
the price per pound is the lowest in  
about 15 years. This is twice the av-  
erage price for the five years pre-  
vious when world production was normal.  
This rapid development and in-  
crease of the timothy seed industry in  
Canada could not have come at a  
more favourable time for the seed  
growers. Even greater production may  
be expected in Canada this year, but  
there is still ample room for further  
expansion, as any surplus seed pro-  
duced in Canada should find a ready  
market abroad.

After March 15th cattle and meat  
imports into the British Isles will be  
regulated under terms to be arranged  
with the principal supplying coun-  
tries, such as Denmark and Sweden.  
Canadian bacon, however, is awarded  
an annual quota of 250,000 pounds un-  
til 1937. Less than one half of the  
quota was filled in 1934.

Poultry and dairy products from  
Canada, under the terms of the Ot-  
tawa agreements, are given unrestrict-  
ed free entry into the United King-  
dom until November 1935, after  
which the British Govt. in consulta-  
tion with the Dominion Government  
concerned has the right to bring these  
products within a system for regulat-  
ing supplies from all sources.

A point interesting to farmers  
whose fields are crossed by power  
lines is that lightning voltages caus-  
ed by the discharge of a single cloud  
are estimated to cover 1000 to 2000  
feet of line on long circuits. Gener-  
ally on the urban circuits the voltages  
are restricted considerably more by  
the closely spaced lightning arresters
